

A quote by Walter Percy Chrysler is presented within a decorative, multi-layered frame. The frame consists of an outermost ornate border with a repeating leaf-like pattern, followed by a wide, textured gold-colored band, a thin blue inner border, and a final thin gold-colored innermost border. The text is centered on a light yellow background within the innermost frame.

**Das wahre Geheimnis  
des Erfolges  
ist Interesse  
und Begeisterung**
